2ND Online Debate via ZOOM held at IPCI

"Below is the debate on whether the "Satanic Verses" incident is historical or fictional event with the amiable and friendly Reverend Samuel Green and hosted by friend Pastor Rudolph Boshoff. We initially struggled through load shedding, a thunderstorm and internet disruptions but managed to complete the debate without glitches. A sharp debate and I believe I showed beyond doubt that the incident has no historical, contextual or chronological integrity and Samuel was a gentleman in debate. I regret coming out harshly and appearing to shout but the sound was truly compromised from My side due to the storm, internet connectivity and using the headphones but all in all a sharp and incisive debate technically where all the salient issues were covered"
